My priorities are to:

- Advocate for the environment and **climate** action. I will lobby for a greater shift to renewable energy sources, incentivising businesses and homebuilders to transition from gas, and make Albert Park more electric vehicle friendly.
- Support calls for greater transparency and **integrity** for all politicians, have a fully funded anti-corruption body and aid in any inquiries made into the abuse of public funds.
- Give small **businesses** a greater voice in policy making procedure and create greater awareness of the programs already in place to develop and support small businesses.

WHY AREN'T PREFERENCES LISTED ON THIS FLYER?

I am doing politics differently - I'm truly independent and I have not done preference deals.

VOTE 1 Georgie Dragwidge, and then number the remaining boxes. You *must* number all the boxes from 1 to 8 for your vote to count.

**The two party system is not working.
It's time for change.**
