Subject: ALEPH Melbourne - voters guide
To: Michael Barnett <michael@aleph.org.au>

Hi Michael,

Thank you for the work you do, and for the opportunity to provide a statement to assist voter guide.

As your community independent for Chisholm, I'm committed to a fairer, kinder Australia — one where every person feels valued, safe, and included.

My approach is grounded in integrity, compassion, and evidence — shaped by science and lived experience. I believe in building a future that respects diversity, supports wellbeing, and ensures equity for all, including LGBTQI+ and Jewish communities.

Everyone deserves to be accepted for who they are — without fear of judgement, exclusion, or harm. No one should face discrimination for how they live, love, or identify. We all deserve support, not stigma — and leadership that listens, learns, and stands up for what's right.

Feel free to view <https://kath4chisholm.com.au/kaths-plan> for priorities and a values approach towards a healthy, equitable, safe, sustainable, and prosperous future for all.

Thanks again and best wishes.
